

MARUGAYATSU

Message from the manager

Our marugayatsu, a kominka [traditional-style wooden house] built in the end of the edo period is one of the very few of its kind that still remains intact in japan. To preserve and sustain Japanese culture, we have renewed and opened Marugayatsu as a family accommodation with a motto,
“Sustain through staying, playing, and learning”

Otaki, Chiba prefecture, where Marugayatsu stands is a Japanese countryside rich with culture and history, where the nature and the people coexist in harmony. The seasons, the food, the night sky full of stars, and most importantly, the local people of Otaki will definitely bring back your long forgotten sense of country life.

Enjoy the good old Japanese countryside and make Otaki
your second home.

We look forward to seeing you soon.
